OUR VALUES & BELIEFS

- **CONSISTENCY**
- **PERSON CENTRED**
- **PROMOTING INDEPENDANCY**
- **REHABILITATIVE CARE AND SUPPORT**
- **INTEGRETY**

OUR TEAM

Our carefully selected staff teams are dedicated, passionate people, who are highly trained and provide exceptional levels of service. All of our caregivers are Enhanced DBS checked and receive ongoing coaching and training in all aspects of Health and Social Care.

Wellbeing Homecare Services experienced team, can assist with free consultations, care assessments, and provide an extensive range of tailor made home help services to suit all families and loved ones.

OUR PROMISE TO YOU

“We promise to deliver a bespoke care plan that supports the needs of each individual in our care. We aim to encourage our service users to remain connected with their families, friends and communities through active engagement with our staff and primary carers. We wish for our service users to live their life; the way they want to”

Care providers, Sharon & Michelle

THE KINDNESS PROJECT

We work in partnership with Stories4Life in our mission to bring families closer and to reduce loneliness.

Stories4Life is a specialised online recording service, where family and friends record their personalised messages and memorable times, which are professionally enhanced

and edited to make each moment memorable for the listener.

Proven to reduce loneliness and help activate memories, these recordings are much loved by those living with Dementia and Alzheimer's disease, as well as individuals who live away from loved ones in order to remain closely connected.

Wellbeing Homecare Services fund Stories4Life gifts for each Service User in our strive to reduce loneliness and to promote family connection.
